

# TECH & DESIGN CAMP AGES 7-13

A camp where kids CHOOSE what they want to create in digital arts & design, engineering, and computer science.

This is the camp for digital explorers. Choose your project! Video game design, coding, robotics, animation, 3D modeling, music production, and more.

# MINECRAFT CAMP AGES 7-13

The most popular game for kids is also the perfect environment to design, build, and code!

Using a combination of custom curriculum and Minecraft Education Edition, you'll learn concepts in electrical design, computer science, and 3D modeling. We have projects for all skill levels: pixel art, architecture, command blocks, redstone, modding, and more.

# 2019 CAMP SCHEDULE

TECH & DESIGN CAMP	AR/VR CAMP
MINECRAFT CAMP	JAVA CODING CAMP
	GIRLS STEM CAMP

# AR/VR CAMP AGES 12-17

A two-week immersion into the future of technology.

Work collaboratively to build games in Augmented & Virtual Reality using some of the most advanced tools to date. For those interested in emerging technology, whether you're an artist, designer, programmer, or gamer.

# JAVA CODING CAMP AGES 9-14

Jump-start your programming skills or take them to the next level.

Engage in teacher-led demos, coding challenges, and projects like digital board games, platformers, and visual-based animations.

# GIRLS STEM CAMP AGES 7-13

Bringing some balance to the world of STEM.

Girls...They're awesome problem solvers, designers, and collaborators. BUT, girls claim less than 20% of all bachelor degrees in engineering and computer science! Girls STEM Camp tries to bring some balance to the world of STEM.

"I KEEP COMING BACK HERE BECAUSE IT'S A PLACE I CAN BE MYSELF" - Ariel, an Empow camper
